When told that he had committed suicide by using a rator, Mrs. Grimm wrung her hands and between sobs said in German to another young woman who was in the room:

"He said that he could get anything for money in the Tombs. I suppose they must have sold him the rator.

The young woman whom she addressed said that she was the wife of a cousin of Miller, and lived in West Hoboken. She refused, however, to give her name. She had only shortly before arrived and was going to accompany Mrs. Grimm to the Tombs.

In the struggle that ensued, Miller killed the old man with a club and subsequently is believed to have used a heavy hammer on the body to make sure the job was well done. Miller then rifled the money drawer and fled.

Miller afterwards made a statement to the police that the encounter with Loeffler occurred when the old man caught him robbing the money drawer. Miller was born twenty-five years ago in Pfalz. Germany, He came to New York eight years ago. York eight years ago.

The girls, in committee of the whole, waited upon Mr. Lowry after dinner and told him that if he would discharge Mrs. Kerrigan, they would return. He refused to do this, and the guests went to bed with their breakfasts in peril.

Mme. Herrmann waded out up to her shoulders, and by ducking the dogs' heads under the water several times, succeeded in getting her favorite hound loose from the grasp of the mastiff.

Mme. Herrmann's guests, who witnessed the whole affair, expected every moment to see her torn to pieces by the mastiff, and were much relieved when she escaped unhurt.
